The videogame industry seems to be in search of a sequel to the critically acclaimed survival horror game Alan Wake. The Remade game is produced by Remedy Entertainment, the developers of the critically acclaimed game Alan Wake, and features the award-winning cast including Alan Wake's Remake. Enzo Etichetta, producer of the Alan Wake's Remake at Remedy, states, "I am extremely happy to be part of the Alan Wake revival team. I have great memories of working on the original Alan Wake, which means a lot to me, so to get a chance to work on something that I am as proud of today as I was ten years ago is a dream come true." The Alan Wake's Remake will feature graphic overhauls of the entire original Alan Wake, and will be released

exclusively on the Xbox One platform. Alan Wake's Remake released to positive critical and fan reactions, including an average Metacritic score of 96. The game was developed by Remedy Entertainment, creators of Alan Wake, The Long Dark, and Quantum Break. The Alan Wake's Remake is a First-Person-Horror-Survival-Game, where players take on the role of a journalist investigating supernatural activity in the town of Bright Falls. 5ec8ef588b
