Mental Omega 3.3 Full Download

mental omega is a 3rd generation rts (real time strategy) mod for red alert 2, developed by an enthusiast community who love all the modding spirit, and with a goal of be the mod for the game as it is. mental omega is currently known for it's featured multi faction

system. there's soviet military command, american military command, american special forces, american naval command, american ground military, american submarine military, german engineering, german special forces, and german navy. the fourth faction, british special forces, will be available after the release of modauth. mental omega 3.3 was released in may 2016. this version added a new allied faction that released after the campaign stages, both regular and special forces, a small polish to the visuals, and a noticeable reduction of technical issues. this is the v3.1 release of mental omega. there are a few bug fixes, and some other things.

there is a vaguely localized version of the mod for a european audience. there are also some maps and re-texturing, as well as some music improvements (that's not the soundtrack, by the way). if you like what you see or you have a problem with mental omega, you are welcome to join us on the forum at vavo.com/viewtopic.php?t=23 and share your thoughts and ideas with us, this is only a forum to do so, do not send bugs or requests for help over there. 5ec8ef588b
